Terms and Conditions:

This cashback offer is for NSW Farmers members with an active subscription—it's a simple way to help cover delivery, footings, or installation (any or all of these). If you're handling all of those on your own, the cashback isn't available. Be sure to provide your member number upfront, and remember, this is a credit to lower costs, not cash in hand. We've kept it straightforward, but if you have questions, your accommodation advisor is here to help. E & O E.
